

## HOW SUSTAINABLE ARE WE NOW?

Fill in the chart with details about the materials we use today.

The scorecards in the present-day kitchen will help you answer this challenge

| Name of material | Why is this material popular?<br>Give at least two reasons for each. | Where does this material come from,<br>and is it sustainable? |
|------------------|--|---|
|                  |  |   |
|                  |  |   |
|                  |  |   |
|                  |  |   |
|                  |  |   |
|                  |  |   |
|                  |  |   |
